IACAPAP One Minute Film Project

We want to capture those precious moments on video, please join us for the

IACAPAP Film Festival: One Minute Film Project!!

Aim:

This project welcomes children of all ages and also children at heart above 18 years-old to make a one-minute film of one of the topics below.

- ✓ What makes you happy and why?
- ✓ How did Covid-19 affect you and how did you overcome the challenges?
- ✓ What is love and how to show it?

You can also choose to send more than one film of one minute each on several of these categories.

Participants:

All children and children at heart above 18 years-old. All children (those < 18 years-old) need to provide written consent from a parent to participate. And the correspondence for the submissions of children under 18 years-old should be via their parent or legal guardian.

Filming tips/rules:

If you are using a smartphone, film in a landscape/horizontal format.

If you are inside, use natural light from windows to light your face. This is true for cloudy days as well as sunny ones.

Try to avoid filming in front of a background that is brighter than your face.

Avoid filming in areas with excessive background noise, like near a busy street.

Please leave a few seconds of “dead space” on the beginning and end of your clip. This can just be a simple smile at the camera. This allows the editor to cut the clip off without seeing you reach to turn off your camera.

Your film can be in any language. If it's in anything other than English, English subtitles are required.

Plagiarism of any sort is neither encouraged nor accepted

The content of your film(s) should NOT contain any of the following; Any film containing one or more of these mentioned below will be disqualified:

- ✗Offensive or foul language
- ✗Violence
- ✗Child abuse
- ✗Drug and/or Alcohol usage
- ✗Defamatory content
- ✗Cruelty to Animals
- ✗Politically sensitive topics, material or comment
- ✗Sexual innuendos or nudity

The submission for the film festival will begin on the 1st of April and end on the **31st of May, 2021 (EST 23:59pm)**.

After the committee has reviewed the films, we will compile the films and exhibit them on IACAPAP social media (twitter, FB, IG...)
